

SHE PROVES IT.

And the Proof Is Just What Our Readers Want.

Of How It Began She Hasn't the Slighest Idea.

But Concerning Its Ending She Is Explicit and Exact.

We never know just how a thing begins. But we are always certain of the results which are left.

These reflections were called out by the fact that it is so easy to drift into anything. In this world we must keep our eyes about us or we shall constantly find ourselves drifting into trouble.

We call to mind an instance in which a most estimable lady unconsciously and without knowing when or how, allowed herself to drift into what became to her a most serious matter and caused many years of anxiety and suffering.

This lady is widely known—Mrs. Mary Jane Foster, of 327 West 21st Street, New York City, and what she says are true and exact facts, as can be easily and readily ascertained by anyone. If experience is of any use, hers is certainly a revelation to be heeded by all.

Without knowing their meaning she had a dull feeling head, headaches, dizziness, bad taste in the mouth, especially mornings. Her sleep was broken and she would wake morning feeling tired and exhausted. After a time the appetite became irregular, there was a fullness or bloated feeling after meals, rising of gas, sour stomach, biliousness and constipation,—such symptoms, in fact as people frequently experience during the spring of the year.

MRS. MARY JANE FOSTER.

"Why," she said, "for years after I suffered from the worst form of dyspepsia, with gas and fermentation of food, and terrible spasms that seemed to start at the stomach and rise to the head.

"Even the lightest food caused great pain and distress after eating, and I also suffered with great exhaustion, dizziness of the head, and weakness of the limbs so that I could scarcely stand on my feet.

"But I am now completely cured by the use of Dr. Greene's Nervura blood and nerve remedy, and I take pleasure in giving my experience to the public in order that other sufferers may be cured as I have been."

Look out for such troubles in the beginning. Now, in the spring, when everybody is certain to be more or less out of order and needs a spring medicine, take Dr. Greene's Nervura blood and nerve remedy immediately, for it is the best and surest of all spring medicines. It will invigorate the blood, strengthen the nerves and give you perfect digestion and regular action of liver, kidneys and bowels. All druggists keep it for \$1.00, and it is purely vegetable and harmless.

It is the great remedy recommended by doctors for spring debility and diseases because it is the discovery and prescription of the well-known physician, Dr. Greene, of 35 W. 14th St., New York, the successful specialist in curing nervous and chronic diseases. The doctor can be consulted without charge by anyone, either at his office or by writing to him.

Triumph of Scientific Medicine.

Piles or hemorrhoids, a disease, so common and so well known, usually depends upon congestion of the abdominal venous circulation. This congestion eventually results in the formation of tumors, and frequent hemorrhage or discharge of blood, or, in some cases, a discharge of mucus, or violent itching. A rational treatment will relieve this congested condition at once, upon which the tumors depend. Humphrey's Witch Hazel Oil, "The Pile Ointment," is the triumph of Scientific Medicine. Nothing has ever been produced to equal or compare with it as a Curative and Healing Application. It has been used forty years and always affords relief and always gives satisfaction. It cures Piles or Hemorrhoids—External or Internal, Blind or Bleeding—Itching and Burning; Cracks or Fissures; Fistula in Ano; Worms of the Rectum; Burns, Scalds and Ulceration and contraction from Aurns; Boils, Hot Tumors, Ulcers, Fistulas, Old Sores; Itching Eruptions, Scurfy or Scald Head; Inflamed or Caked Breasts and Sore Nipples. The relief is immediate—the cure permanent. It is invaluable and infallible. Sold by Druggists. Manual free.

Impels Him to Tell How His Son Was Saved

White Swelling and Soreness Perfectly Cured.

Son of John L. McMurray
Of Ravenswood, W. Va.

"I do not write this at the request of any one, but because I feel it a duty to humanity, so that others afflicted as my boy was may know where to find relief.

"When my son was seven years old he began to complain of soreness in his right leg. A white swelling soon appeared just below the knee joint, and extended from the knee to the ankle. At the same time he was taken with an attack of fever, which was broken up, but the leg became very badly swollen, causing him great suffering, and the muscles so contracted that his leg was drawn up at right angles. He was unable to walk, could not even bear to be handled, and I thought him a

Confirmed Cripple.

"After a time we had the swelling lanced, midway between the knee and the ankle, and it would discharge over a pint of pus at times. I decided to take him to Cincinnati to have the leg operated upon, expecting he would lose it. But he had become so poor and weak that I thought I would let him gather some strength, if possible, and bought a bottle of Hood's Sarsaparilla and began giving it to him. This medicine soon woke up his appetite,

and he ate more heartily than for a long time. At this time the sore was discharging freely, and soon pieces of bone began to come out. I have in my office one piece of bone 3 1/4 inches long by nearly half an inch broad, which came out of the sore. We continued giving him Hood's Sarsaparilla. The discharge from the sore decreased, the swelling went down, the leg straightened out, and soon he had perfect use of his leg. He now runs everywhere, as lively as any boy, and apparently

As Well as Ever.

It was about six months from the time that we began giving him Hood's Sarsaparilla, till we considered him perfectly cured." JOHN L. McMURRAY, Notary Public, Ravenswood, W. Va.
